The authors regret that the following two corrections are needed. The authors would like to apologize for any inconvenience caused.

1. The current text for the Authors' Contributions: “MO and KN designed the study and wrote the manuscript. TF, SK, KK, SM and YH contributed to data collection. TH and RO performed the statistical analysis and interpretation of the results”. The correct text should be “KK, MO and KN designed the study and wrote the manuscript. TF, SK, KK, SM and YH contributed to data collection. TH and RO performed the statistical analysis and interpretation of the results”. The underlined initial has been added.

2. The affiliation number of the last author “Kazunori Nishizaki” was mentioned incorrectly as “b”. The correct affiliation should be “a”.
